ERRATUM

Released: January 20, 2010

By the Chief, Wireless Telecommunications Bureau:

1. On January 15, 2010, the Commission released a Report and Order and Further Notice of Proposed Rulemaking, FCC 10-16 ("Report and Order"), in the above captioned proceeding. This Erratum makes two corrections to Appendix B of the Report and Order.

2. The first correction replaces paragraph 2 of Appendix B as follows:

Section 2.106, the Table of Frequency Allocations, is amended by adding and revising page 27 of the Table of Frequency Allocations, and by revising footnotes NG115 and NG 159 to read as follows:

§ 2.106 Table of Frequency Allocations.

NON-FEDERAL GOVERNMENT (NG) FOOTNOTES

* * * * *

NG115 In the bands 54-72 MHz, 76-88 MHz, 174-216 MHz, 470-608 MHz, and 614-698 MHz, wireless microphones and wireless assist video devices may be authorized on a non-interference basis, subject to the terms and conditions set forth in 47 CFR part 74, subpart H.

* * * * *

NG159 In the band 698-806 MHz, stations authorized under 47 CFR part 74, subparts E, F, and G may continue to operate indefinitely on a secondary basis to all other stations operating in that band.

3. The second correction of this Erratum revises paragraph 4 of Appendix B of the Report and Order to read as follows:

Part 15 is amended by adding a new Section 15.216 to read as follows:

§ 15.216 Disclosure Requirements for wireless microphones and other low power auxiliary stations capable of operating in the core TV bands.

(a) Any person who manufactures, sells, leases, or offers for sale or lease, low power auxiliary stations capable of operating in the core TV bands (channels 2-51, excluding channel 37) is subject to the following disclosure requirements:

(1) Such persons must display the consumer disclosure text, as specified by the Wireless Telecommunications Bureau and the Consumer and Governmental Affairs Bureau, at the point of sale or lease of each such low power auxiliary station. The text must be displayed in a clear, conspicuous, and readily legible manner. One way to fulfill the requirement in this section is to display the consumer disclosure text in a prominent manner on the product box by using a label (either printed onto the box or otherwise affixed to the box), a sticker, or other means. Another way to fulfill this requirement is to display the text immediately adjacent to each low power auxiliary station offered for sale or lease and clearly associated with the model to which it pertains.

(2) If such persons offer such low power auxiliary stations via direct mail, catalog, or electronic means, they shall prominently display the consumer disclosure text in close proximity to the images and descriptions of each such low power auxiliary station. The text should be in a size large enough to be clear, conspicuous, and readily legible, consistent with the dimensions of the advertisement or description.

(3) If such persons have websites pertaining to these low power auxiliary stations, the consumer disclosure text must be displayed there in a clear, conspicuous, and readily legible manner (even in the event such persons do not sell low power auxiliary stations directly to the public).

(b) The consumer disclosure text described in paragraph (a)(1) of this section is set out in an appendix to this section.

Appendix to § 15.216 – [Reserved].
